

# INTRAPRENEUR

## DISCOVER HOW TO BE THE IRREPLACEABLE EMPLOYEE

With nearly 30 years experience in professional speaking, multinational CEO's, politicians, Olympic athletes, and entrepreneurs agree; Topher Morrison knows how to entertain a crowd, inspire them to act on what they learn, and motivate them to lead.

The days of employees working for 30 years at the same company and collecting a gold watch at the end are over. We've hit an all time low in employer to employee, and employee to employer loyalty. But despite this, some companies continue to attract and retain exceptional talent. What makes them different?

The Collaboration Age has welcomed a new style of leadership - one where employees are encouraged to think like entrepreneurs. But how do employees shift their mindset from *doing what they're told* to *knowing what needs to be done* and have the courage to act? Transform them to Intrapreneurs!
